## PROFILE SUMMARY

Detail-oriented React Developer with 1 years of hands-on experience in developing dynamic web and cross-platform mobile applications using React.js and React Native. Skilled in building high-performance, scalable, and user-centric solutions that ensure seamless functionality across devices. Proficient in modern JavaScript (ES6+), and adept at utilizing React libraries and state management tools such as Redux to enhance application efficiency and integrate advanced features. Committed to delivering clean, maintainable code and continuously improving user experience through innovative frontend practices.

## WORK EXPERIENCE

### Frontend Development Intern

#### Code Frame Technology Pvt Ltd

January 2024 – Present 2025

- Developed and launched an e-commerce website for Printlyte Technology Pvt. Ltd., significantly improving online sales and customer engagement.
- Built a responsive and user-friendly platform using React.js, Tailwind CSS, and JavaScript.
- Focused on frontend development, integrating APIs, and optimizing website performance for better speed and user experience.

### Personal Portfolio Website

#### Tech Stack: React.js, JavaScript, HTML, Tailwind CSS

Live Link: [portfolio-taupe-sigma-47.vercel.app](https://portfolio-taupe-sigma-47.vercel.app)

- Designed and developed a responsive personal portfolio website to showcase foundational projects built using React.js and JavaScript.
- Demonstrated core frontend development skills through a curated collection of functional and engaging web applications.
- Integrated multiple project showcases to highlight versatility in modern frontend development.

## EDUCATION
